

*For Immediate Release*

## John Vaughan Joins Zentech Manufacturing as VP of Sales and Marketing

**October 16, 2014, Baltimore MD**

[Zentech Manufacturing](#) is pleased to announce today that [John Vaughan](#), a recognized subject matter expert (SME) in the military C4ISR electronics sector, joins the Zentech senior management team in an equity position as their VP of Sales and Marketing.

In his new role, Vaughan is responsible for all business development, market strategies and related activities across all business sectors for Zentech, to include the successful integration of customer relationships obtained through pending acquisitions into the Zentech portfolio.

Vaughan will also be responsible for executing the planned build-out of a national sales team to support Zentech growth objectives across all electronics sectors.

On his new role, Vaughan commented, “for the past five years, I have worked closely with the Zentech team to develop key account relationships in the C4ISR sector with outstanding results. Zentech is widely considered a premiere electronics contract manufacturer, is poised for tremendous growth and I am very pleased to be provided the opportunity to lead the business development charge”.

As previously announced, [New Spring Mezzanine](#), the dedicated mezzanine fund of New Spring Capital, [has provided a combination of mezzanine debt and equity financing](#) to Zentech Manufacturing. The proceeds of the transaction are being used to provide capital for the future growth of the company.

[Matt Turpin](#), President and CEO of Zentech stated, “John has been an integral part of our team for years in his prior role as President of [Circuit Solutions](#) representing Zentech’s interests in the DOD, military and aerospace sectors, so the transition will be seamless both internally and with our customers. As a team, we are excited to have John’s experience, market savvy and energy on a full time basis moving forward.”

**About Zentech:** Zentech Manufacturing, Inc.
